Subject: Business Education Building Entryway Door Replacements

Date: May 25, 2021

---

**BACKGROUND**

This project seeks to replace both exterior entryway (store front) doors as well as the interior entryway fire doors for the B.E. building. All these entryway doors are original to the B.E. building and are requiring more frequent repairs. The frame and thresholds over the years have decayed causing the doors at times not to securely close. The funding requested will replace the doors, thresholds, framing, glazing, hardware and closers for better functionality, improve security and fire safety.

**RECOMMENDATION**

It is the recommendation that the Board of Trustees approve this replacement contract with Calvin Glass in the amount not to exceed \$162,200.

**A ROLL CALL VOTE WILL BE TAKEN**
