NEW FOR FALL 2020:

THE WCC
WOLFPACK
EXPERIENCE

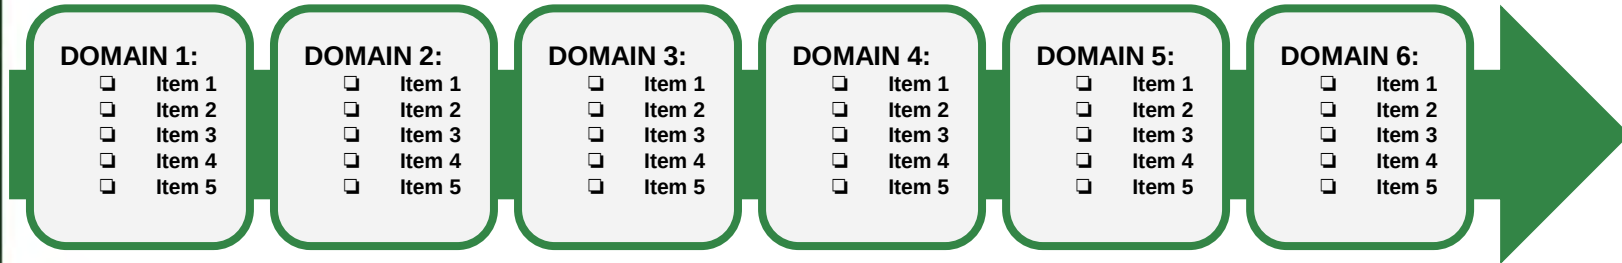

Extra-Curricular & Co-Curricular
Pathways for Students at WCC

WITHIN CAMPUS CONNECT: <http://tinyw.cc/sda>

Definition of a Pathway:

Pathways live within WCC's Campus Connect system: <http://tinyw.cc/sda>

A pathway is a series of digital “Checklists” called “Domains” that guide students through experiences within extra- or co-curricular programs.

Pathways give students guidance, and allow the pathway administrator to keep track of each student's progress and communicate along the way.

The WCC Wolfpack Experience *is a series of pathways that guide students* from application to graduation.

Choose the Pathways that best fit your interests!
