

Need to improve your math skills quickly?

This winter semester, we are offering **FREE MTH 4099 sections** if you need or want to brush-up on your math skills, to increase your math level, and potentially complete your math requirements so you can finish your program or degree faster.

This class is intended to give you the opportunity to increase your math placement test score. You will work using the **ALEKS** system to practice skills then retest with the support and guidance of a math instructor. You can work from anywhere, anytime, at your pace, and increase your level in as short as 5 hours. Register today!

Take Advantage of This Opportunity! Enroll Today!

Check out these FREE opportunities to increase your math level!

If you are a Reconnect student or just a student that wants to save time and money while advancing in your studies. Do not miss out on this great opportunity!

Finish Fast! ... Finish Smart!
