

Transportation Technologies (AAS)

Catalog Effective Term: Fall 2025

Program Code: APOETT

Credential: Associate in Applied Science

High Demand Occupation, High Skill Occupation, High Wage Occupation

In this Associate in Applied Science degree, students have a choice to follow any of four different specialty tracks that will prepare them for employment in the transportation industry. This option can be selected if an associate's degree is required for employment or advancement in a field. Each track features a variety of application-level classes where students perform lab-oriented practice for the required skills in auto body repair¹, auto cybersecurity², automotive service³, or electric vehicle service⁴ related fields. Students will learn using the latest technology, methods and tooling in their area of concentration.

This program prepares the student for the State of Michigan Mechanics Certification tests as well as the National Institute for Automotive Service Excellence (ASE) Certification Exams. Students should meet with a divisional advisor or faculty.

¹ The Auto Body (ABDY) track has the [Auto Body Repair \(CTAUBR\)](#) and [Advanced Auto Body Repair \(CTAUB2\)](#) certificates embedded within the degree.

² The Auto Cyber Security (ACS) track has the [Automotive Cybersecurity \(CTACYB\)](#) certificate embedded within the degree.

³ The Auto Service (ASVC) track has the [Automotive Services Technician \(CTASVT\)](#) and [Advanced Automotive Services Technician \(CVASV2\)](#) certificates embedded within the degree.

⁴ The Electric Vehicle Service & Repair (EVSR) track has the [Electric Vehicle \(EV\) Safety & Fundamentals \(CTEVSF\)](#) and [Electric Vehicle Service Technician \(CTEVST\)](#) certificates embedded within the degree.

Program Admission Requirements

- An Academic Math Level 3 is required for the Auto Cyber Security (ACS) concentration

Select a specialized track in one of the following areas, each of which has its own associated certificate program(s):

- Auto Body (ABDY)
- Auto Cyber Security (ACS)
- Auto Service (ASVC)
- Electric Vehicle Service & Repair (EVSr)

+ Full-Time Students

+ Auto Body Concentration (ABDY)

Minimum Credits Required for the Concentration or Option: 60

| First Semester | | Credits |
|--|--|---------|
| <u>ATT 111</u> | Introduction to Auto Body Repair | 4 |
| <u>ATT 112</u> | Introduction to Automotive Refinishing | 4 |
| <u>ATT 114</u> | Applied Transportation Welding | 2 |
| <u>ATT 119</u> | Introduction to Metal Shaping | 2 |
| <u>Writing Elective(s)</u> | | 3 |
| Credits | | 15 |

Second Semester

| | | |
|-------------------------|----------------------------|---|
| ATT 123 | Technical Auto Body Repair | 4 |
|-------------------------|----------------------------|---|

| | | |
|-------------------------|----------------------------------|---|
| ATT 124 | Technical Automotive Refinishing | 4 |
|-------------------------|----------------------------------|---|

| | | |
|-------------------------|--|---|
| ATT 140 | Aluminum Welding for Transportation Applications | 4 |

PROGRAM CHANGE FORM

| | | |
|-----------------------------|--|----------------------------------|
| Program Code: APOETT | Current Program Name: Transportation Technologies | Effective Term: Fall 2025 |
| Division Code: ATP | Department: Transportation Technologies | |

Directions:

1. Attach the current program listing from the WCC catalog or website and indicate any changes to be made.
2. Draw lines through any text that should be deleted and write in additions. Extensive narrative changes can be included on a separate sheet.
3. Check the boxes below for each type of change being proposed. Changes to courses, discontinuing a course, or adding new courses as part of the proposed program change, must be approved separately using CurricUNET, but should be submitted at the same time as the program change form.
4. If changes affect the program assessment plan or if program outcomes are updated, please submit a [Program Assessment Plan Change](#) form. These changes must be approved separately from the program change form and should be submitted at the same time. Current program assessment plans can be found on the [Curriculum and Assessment Program Information page](#).

Requested Changes:

☒ Remove course(s): see program outlines for full details for each concentration within the degree

☒ Add course(s): see program outlines for full details for each concentration within the degree

☐ Program title (new title is _____)

☐ Description

☐ Advisors

☐ Program admission requirements

☐ Continuing eligibility requirements

☐ Program outcomes (may also result from removing or adding a course)*

☐ Program assessment plan*

☐ Accreditation information

☐ Other _____

Note: A change to the Award Type requires the submission of a new program proposal form and a separate program inactivation form. Contact the Director of Curriculum & Assessment for more information.

Show all changes on the catalog page you attach.

* Please submit a [Program Assessment Plan Change](#) form.

Rationale for proposed changes:

The Transportation Technologies degree is being updated to add structure to the program's restricted electives, creating a more defined academic pathway. This enhancement will improve course scheduling, support timely student completion, and help shape a targeted skill set for students. Additionally, a new Auto Cybersecurity concentration has been added to integrate all required courses for earning both the Auto Cybersecurity Certificate and the Transportation Technologies degree.

A new crosslisted course, ATT/HST 136: History of Transportation Technologies, has also been introduced. This course provides students with valuable insights into the evolution of transportation while also contributing towards the liberal arts requirements within the degree.

Financial/staffing/equipment/space implications:

Advanced Manufacturing

Transportation Technologies (APOETT)

Associate in Applied Science Degree

Program Effective Term: Fall 2024

High Demand Occupation High Skill Occupation High Wage Occupation

In this AAS degree, students have a choice to follow any of three different specialty tracks that will prepare them for employment in the transportation industry. This option can be selected if an associate's degree is required for employment or advancement in a field. Each track features a variety of application-level classes where students perform lab-oriented practice for the required skills in the automotive service related, EV service or auto body repair fields. Students will learn using the latest technology, methods and tooling in their area of concentration.

Students will select a specialized track in one of the following areas, each of which has its own associated certificated program(s): Auto Body, Auto Service, or Electric Vehicle Service & Repair. The program prepares the student for the State of Michigan Mechanics Certification tests as well as the National Institute for Automotive Service Excellence (ASE) Certification Exams. Meet with a divisional advisor or faculty.

Program Admission Requirements:

Academic Reading and Writing Levels of 6; Academic Math Level 3

Minimum Concentration Credits Required for the Program:

60

Select a specialized track in one of the following areas, each of which has its own associated certificated program(s): Auto Service, Auto Body, or Electric Vehicle Service & Repair.

Transportation Technologies Concentrations

Auto Body (ABDY) (60 credits)

First Semester (15 credits)

| | | |
|----------|--|---|
| ABR 111 | Introduction to Auto Body Repair | 4 |
| ABR 112 | Introduction to Automotive Refinishing | 4 |
| ABR 114 | Applied Auto Body Welding | 2 |
| ABR 119 | The Art of Metal Shaping | 2 |
| Elective | Writing Elective(s) | 3 |

Second Semester (15 credits)

| | | |
|----------|--|---|
| ABR 123 | Technical Auto Body Repair | 4 |
| ABR 124 | Technical Automotive Refinishing | 4 |
| ABR 140 | Aluminum Welding for Automotive Applications | 4 |
| Elective | Math Elective(s) | 3 |

Third Semester (14 credits)

| | | |
|----------|---|---|
| ASV 130 | Automotive Maintenance | 4 |
| Elective | Nat. Sci. Elective(s) | 3 |
| Elective | Soc. Sci. Elective(s) | 3 |
| Elective | Restricted Elective(s): ABR 116, ABR 130, ABR 209, ABR 231, ASV 131, MST 106, MST 230 | 4 |

Fourth Semester (16 credits)

| | | |
|----------|---|---|
| ABR 121 | Automotive Estimating | 2 |
| ABR 201 | Lightweighting Composite Repair | 4 |
| Elective | Speech Elective(s) | 3 |
| Elective | Arts/Human. Elective(s) | 3 |
| Elective | Restricted Elective(s): ABR 116, ABR 130, ABR 209, ABR 231, ASV 131, MST 106, MST 230 | 4 |

Minimum Credits Required for the Concentration or Option: 60

Transportation Technologies

Transportation Technologies (APOETT)

Associate in Applied Science Degree

Program Effective Term: Fall 2024

High Demand Occupation High Skill Occupation High Wage Occupation

In this AAS degree, students have a choice to follow any of three different specialty tracks that will prepare them for employment in the transportation industry. This option can be selected if an associate's degree is required for employment or advancement in a field. Each track features a variety of application-level classes where students perform lab-oriented practice for the required skills in the automotive service related, EV service or auto body repair fields. Students will learn using the latest technology, methods and tooling in their area of concentration.

Students will select a specialized track in one of the following areas, each of which has its own associated certificated program(s): Auto Body, Auto Service, or Electric Vehicle Service & Repair. The program prepares the student for the State of Michigan Mechanics Certification tests as well as the National Institute for Automotive Service Excellence (ASE) Certification Exams. Meet with a divisional advisor or faculty.

Program Admission Requirements:

Academic Reading and Writing Levels of 6; Academic Math Level 3

Minimum Concentration Credits Required for the Program:

60

Select a specialized track in one of the following areas, each of which has its own associated certificated program(s): Auto Service, Auto Body, or Electric Vehicle Service & Repair.

PROGRAM CHANGE FORM

| | | |
|-----------------------------|--|----------------------------------|
| Program Code: APOETT | Current Program Name: Transportation Technologies | Effective Term: Fall 2024 |
| Division Code: ATP | Department: TRPD | |

Directions:

1. Attach the current program listing from the WCC catalog or website and indicate any changes to be made.
2. Draw lines through any text that should be deleted and write in additions. Extensive narrative changes can be included on a separate sheet.
3. Check the boxes below for each type of change being proposed. Changes to courses, discontinuing a course, or adding new courses as part of the proposed program change, must be approved separately using CurricUNET, but should be submitted at the same time as the program change form.
4. If changes affect the program assessment plan or if program outcomes are updated, please submit a Program Assessment Plan Change form. These changes must be approved separately from the program change form and should be submitted at the same time. Current program assessment plans can be found on the Curriculum and Assessment Program Information page.

Requested Changes:

- | | |
|---|---|
| <input type="checkbox"/> Remove course(s): _____ | <input type="checkbox"/> Program outcomes (may also result from removing or adding a course)* |
| <input checked="" type="checkbox"/> Add course(s): <u>adding EVSR concentration</u> | <input checked="" type="checkbox"/> Program assessment plan* |
| <input type="checkbox"/> Program title (new title is _____) | <input type="checkbox"/> Accreditation information |
| <input checked="" type="checkbox"/> Description | <input checked="" type="checkbox"/> Other <u>Layout changes for existing ABDY and ASVC concentrations</u> |
| <input type="checkbox"/> Advisors | |
| <input type="checkbox"/> Program admission requirements | |
| <input type="checkbox"/> Continuing eligibility requirements | |

Show all changes on the catalog page you attach.

* Please submit a Program Assessment Plan Change form.

Note: A change to the Award Type requires the submission of a new program proposal form and a separate program inactivation form. Contact the Director of Curriculum & Assessment for more information.

Rationale for proposed changes:

The EVSR concentration is being developed in coordination with the electric vehicle (EV) DOE training grant known internally as the Power Project and as a result of collaboration with the EV jobs academy (EVJA), Center for Connected and Automated Transportation (CCAT), Detroit Drives Degrees Community College Collaborative (D3C3) along with the ATT advisory board discussions consisting of industry partners and leaders. These groups and employers were able to identify the key areas and skills needed for students to be successful in this career field.

Division is updating layouts to align with forthcoming part-time layouts.

Financial/staffing/equipment/space implications:

List departments that have been consulted regarding their use of this program.

Program Discontinuation Form

| | | |
|----------------------------------|---|----------------------------------|
| Program Code: APOETT-MSVC | Program Name: Transportation Technologies (Motorcycle Service Concentration) | Effective Term: Fall 2023 |
| Division Code: ATP | Department: Transportation Technology | |

Directions: Complete all information below.

Rationale for discontinuation:

| APOETT - MSVC | | | | |
|---------------|----------------|----------------|----------------|----------------|
| | <u>2018-19</u> | <u>2019-20</u> | <u>2020-21</u> | <u>2021-22</u> |
| Enrollment | 56 | 40 | 34 | 29 |
| Awards | 0 | 0 | 0 | 2 |

Over the last five years, we have seen a downward trend in enrollment in the MSVC concentration, with only two degrees awarded. We are discontinuing this concentration as part of the transition toward an electric vehicle (EV) focus.

Describe the discontinuation, transition and course phase-out plan. Please include the number of currently enrolled students.

There are 14 students enrolled in this program code. Motorcycle course offerings will be significantly reduced by 2025 as students finish or transition to other programs, and will be eliminated by the end of the three-year phase-out period (end of Summer 2026). Students were notified on June 5th via letter.

List departments using this program and the date they were notified of the planned discontinuation.

PROGRAM CHANGE FORM

| | | |
|-----------------------------|--|----------------------------------|
| Program Code: APOETT | Current Program Name: Transportation Technologies | Effective Term: Fall 2022 |
| Division Code: ATP | Department: Transportation Technologies | |

Directions:

1. Attach the current program listing from the WCC catalog or website and indicate any changes to be made.
2. Draw lines through any text that should be deleted and write in additions. Extensive narrative changes can be included on a separate sheet.
3. Check the boxes below for each type of change being proposed. Changes to courses, discontinuing a course, or adding new courses as part of the proposed program change, must be approved separately using CurricUNET, but should be submitted at the same time as the program change form.
4. If changes affect the program assessment plan or if program outcomes are updated, please submit a Program Assessment Plan Change form. These changes must be approved separately from the program change form and should be submitted at the same time. Current program assessment plans can be found on the Curriculum and Assessment Program Information page.

Requested Changes:X Remove course(s): See attachedX Add course(s): See attached☐ Program title (new title is _____)☐ Description☐ Advisors☐ Program admission requirements☐ Continuing eligibility requirements☐ Program outcomes (may also result from removing or adding a course)*☐ Program assessment plan*☐ Accreditation information☐ Other _____

Note: A change to the Award Type requires the submission of a new program proposal form and a separate program inactivation form. Contact the Director of Curriculum & Assessment for more information.

Show all changes on the catalog page you attach.

* Please submit a Program Assessment Plan Change form.

Rationale for proposed changes:

Minor changes and corrections to: Course contact hours, Course(s) removed that were inactivated and replaced with concentration applicable course(s), Reviewed and refined the restricted elective course list(s) per concentration and reviewed the students' pathway to completion based on frequency of scheduling (Sun/Moon chart).

Financial/staffing/equipment/space implications:**List departments that have been consulted regarding their use of this program.**

All departments that are affected have been consulted.

Program Information Report

Manufacturing & Automotive

Transportation Technologies (APOETT)

Associate in Applied Science Degree

Program Effective Term: Fall 2022

High Demand Occupation High Skill Occupation High Wage Occupation

In this AAS degree, students have a choice to follow any of three different specialty tracks that will prepare them for employment in the transportation industry. This option can be selected if an associate's degree is required for employment or advancement in a field. Each track features a variety of application level classes where students perform lab-oriented practice for the required skills in the automotive service related, auto body repair or motorcycle service fields. Students will learn using the latest technology, methods and tooling in their area of concentration.

Students will select a specialized track in one of the following areas, each of which has its own associated certificated program(s): Auto Service, Auto Body or Motorcycle Service. The program prepares the student for the State of Michigan Mechanics Certification tests as well as the National Institute for Automotive Service Excellence (ASE) Certification Exams. Meet with a divisional advisor or faculty.

Program Admission Requirements:

Academic Reading and Writing Levels of 6; Academic Math Level 3

Minimum Concentration Credits Required for the Program:

60

Select a specialized track in one of the following areas, each of which has its own associated certificated program(s): Auto Service, Auto Body or Motorcycle Service.

Transportation Technologies Concentrations

Auto Body (ABDY) (60 credits)

First Semester (16 credits)

| | | |
|----------|--|---|
| ABR 111 | Introduction to Auto Body Repair | 4 |
| ABR 112 | Introduction to Automotive Refinishing | 4 |
| ABR 114 | Applied Auto Body Welding | 2 |
| Elective | Writing Elective(s) | 3 |
| Elective | Math Elective(s) | 3 |

Second Semester (16 credits)

| | | |
|---------|--|---|
| ABR 113 | Estimating and Shop Operations | 4 |
| ABR 119 | The Art of Metal Shaping | 2 |
| ABR 123 | Technical Auto Body Repair | 4 |
| ABR 124 | Technical Automotive Refinishing | 4 |
| | Restricted Elective(s): Select a minimum of 2 credits from ABR 116, ABR 130, ABR 231, MST 106, or MST 230. | 2 |

Third Semester (16 credits)

| | | |
|--------------------|--|---|
| ABR 140 | Aluminum Welding for Automotive Applications | 4 |
| ABR 135 or ASV 130 | Collision-Related Mechanical and Electrical Repairs | 4 |
| | Automotive Maintenance | 4 |
| | Restricted Elective(s): Select a minimum of 2 credits from ABR 116, ABR 130, ABR 231, MST 106, or MST 230. | 2 |
| Elective | Speech/Comp. Elective(s) | 3 |
| Elective | Arts/Human. Elective(s) | 3 |

Fourth Semester (12 credits)

| | | |
|----------|--|---|
| ABR 201 | Lightweighting Composite Repair | 4 |
| | Restricted Elective(s): Select a minimum of 2 credits from ABR 116, ABR 130, ABR 231, MST 106, or MST 230. | 2 |
| Elective | Nat. Sci. Elective(s) | 3 |
| Elective | Soc. Sci. Elective(s) | 3 |

Minimum Credits Required for the Concentration or Option: 60

Program Information Report

Auto Service (ASVC) (61 credits)

First Semester (16 credits)

| | | |
|----------|---|---|
| ASV 130 | Automotive Maintenance | 4 |
| ASV 131 | Automotive Electrical | 4 |
| | Restricted Electives: Select a minimum of 2 credits from ABR 111, ABR 114, ASV 174, ASV 270, ASV 277, ASV 279, CST 185, MST 110, MTT 102, or WAF 105. | 2 |
| Elective | Math Elective(s) | 3 |
| Elective | Writing Elective(s) | 3 |

Second Semester (17 credits)

| | | |
|---------|--|---|
| ASV 132 | Automotive Engines | 4 |
| ASV 133 | Automotive Fuel Systems | 4 |
| ASV 134 | Automotive Transmissions | 4 |
| ASV 135 | Facility Operations | 3 |
| | Restricted Elective(s): Select a minimum of 2 credits from ABR 140 or WAF 103. | 2 |

Third Semester (16 credits)

| | | |
|----------|-----------------------------------|---|
| ASV 254 | Suspension and Steering | 2 |
| ASV 255 | Brakes | 2 |
| ASV 256 | Electrical and Electronic Systems | 4 |
| ASV 258 | Engine Drivability | 2 |
| Elective | Speech/Comp Elective(s) | 3 |
| Elective | Arts/Human Elective(s) | 3 |

Fourth Semester (12 credits)

| | | |
|----------|--------------------------------------|---|
| ASV 251 | Engine Diagnosis and Repair | 2 |
| ASV 257 | Heating and Air Conditioning Systems | 2 |
| ASV 266 | Advanced Transmissions | 2 |
| Elective | Nat. Sci. Elective(s) | 3 |
| Elective | Soc. Sci. Elective(s) | 3 |

Minimum Credits Required for the Concentration or Option: 61

Motorcycle Service (MSVC) (60 credits)

First Semester (16 credits)

| | | |
|------------|--|---|
| MST 110 | Motorcycle Service Technology I | 4 |
| ABR 114 or | Applied Auto Body Welding | |
| WAF 105 | Introduction to Welding Processes | 2 |
| | Restricted Elective(s): Select a minimum of 4 credits from ABR 119, ABR 201, ASV 130, MST 106, or MST 112. | 4 |
| Elective | Writing Elective(s) | 3 |
| Elective | Math Elective(s) | 3 |

Second Semester (14 credits)

| | | |
|------------|--|---|
| MST 120 | Motorcycle Service Technology II | 4 |
| MST 130 | Motorcycle Service Technology III | 4 |
| MTT 102 or | Machining for the Technologies | |
| MST 230 | Advanced Motorcycle Fabrication | 2 |
| | Restricted Elective(s): Select a minimum of 2 credits from ABR 119, ABR 201, ASV 130, MST 106, or MST 112. | 2 |
| ABR 140 or | Aluminum Welding for Automotive Applications | |
| WAF 103 | Introduction to Gas Tungsten Arc Welding | 2 |

Third Semester (16 credits)

| | | |
|----------|--|---|
| MST 140 | Motorcycle Service Technology IV | 4 |
| MST 220 | Dynamometer Operations | 4 |
| | Restricted Elective(s): Select a minimum of 2 credits from ABR 119, ABR 201, ASV 130, MST 106, or MST 112. | 2 |
| Elective | Speech/Comp. Elective(s) | 3 |
| Elective | Arts/Human. Elective(s) | 3 |

Fourth Semester (14 credits)

| | | |
|---------|-------------------------------------|---|
| MST 210 | Performance Engine Technology | 4 |
| MST 225 | Advanced Dynamometer Tuning Systems | 4 |

PROGRAM PROPOSAL FORM

- X Preliminary Approval** – Check here when using this form for preliminary approval of a program proposal, and respond to the items in general terms.
- ☐ **Final Approval** – Check here when completing this form after the Vice President for Instruction has given preliminary approval to a program proposal. For final approval, complete information must be provided for each item.

| | | |
|--|--|---|
| Program Name: Division and Department: Type of Award: Effective Term/Year: Initiator: | <u>Transportation Technologies (APOETT)</u> <u>ATP Division - Transportation Technologies</u> <input type="checkbox"/> AA <input type="checkbox"/> AS <input checked="" type="checkbox"/> AAS <input type="checkbox"/> Cert. <input type="checkbox"/> Adv. Cert. <input type="checkbox"/> Post-Assoc. Cert. <input type="checkbox"/> Cert. of Comp. <u>Fall 2020</u> <u>Transportation Technologies Faculty (Allen Day, Robert Lowing, Shawn Deron)</u> | Program Code: <u>APOETT</u> CIP Code: <u>47.0604</u> |
| Program Features Program's purpose and its goals. Criteria for entry into the program, along with projected enrollment figures. Connection to other WCC programs, as well as accrediting agencies or professional organizations. Special features of the program. | This program is intended to allow for a degree path for the newly combined/formed Transportation Technologies Department. This program allows students to design a program of study to meet specific needs, and is a desirable option for students who are focusing on a career in the transportation industry. This program allows for customization of coursework to meet the requirements of the transfer college or university. An advisor can help students determine interests, career and educational goals, as well as provide transfer and career information. Students will select a specialized track in one of the following areas, each of which currently has its own certificate programs. Automotive Service (CTASVT, CVASV2) Auto Body Repair (CTAUBR) Motorcycle Service Technology (CTMST1, CVMST2) | |
| Need Need for the program with evidence to support the stated need. | Employers in the transportation sectors are experiencing a gap between the supply of skilled workers and the demand for job ready employees. Indeed.com currently lists over 80,000 job openings around the United States in these fields and over 2,000 in Michigan. The Bureau of labor statistics anticipates an average projected growth (4-9%) between 2018-2028. The median salary in 2019 was \$15.00-\$24.50 hourly or \$36,790 to \$47,350 annually. This degree program is the combination of several existing programs that have existed successfully at WCC. All of these programs are active and have graduates every academic year. This program proposal (APOETT) will be accompanied with program updates(CTAUBR, CTASVT) and proposal (CVASV2) to align and streamline a student's chosen concentration within the Transportation Technologies Department. All of the proposed programs and program updates focus on a guided pathway for students to complete certificates and degrees for their selected concentrations. These proposals and updates are intended to produce a better prepared student for employment opportunities and lead to an increased completion rate. | |

| Program Outcomes/Assessment | Outcomes | Assessment Method |
|---|--|--|
| <p>State the knowledge to be gained, skills to be learned, and attitudes to be developed by students in the program.</p> <p>Include assessment methods that will be used to determine the effectiveness of the program.</p> | <p>1. Demonstrate the mastery of skills related to the student's technical concentration.</p> <p>2. Apply critical thinking skills to solve an identified problem in the student's technical concentration.</p> <p>3. Demonstrate and apply required industry related safety standards.</p> | <p>1. Scoring and analysis plan:

1. Indicate how the above assessment(s) will be scored and evaluated (e.g. departmentally-developed rubric, external evaluation, other). Attach the rubric.

All outcomes will be scored using a departmentally developed rubric(s)

2. Indicate the standard of success to be used for this assessment.

On all outcomes 70% of all students will score 70% or higher on the outcome related rubric items.

3. Indicate who will score and analyze the data.
