

Program Information Report

Health Sciences

Surgical Technology (APST)**Associate in Applied Science Degree****Program Effective Term: Fall 2025****High Demand Occupation High Skill Occupation High Wage Occupation**

A surgical technologist (ST) serves the patient's interest primarily by providing assistance to the surgeon. The surgical technologist's primary task during an operative procedure is to anticipate the perioperative needs of the surgeon and surgical patient. Students in this program must be well grounded in the basic sciences, especially anatomy, microbiology, and pathophysiology. The surgical technologist contributes to global patient care by serving as a team member who monitors the surgical environment.

Applying for Admission to the Program:

A formal application and acceptance to the program is required. Application packets may be downloaded from WCC's Student Welcome Center, Health and Second Tier Program, information page <https://www.wccnet.edu/start-now/degree/2nd-tier/>. Completed and signed applications must be submitted during the dates indicated on the application to the Health and Second Tier Admissions Office in the Student Welcome Center, located on the second floor of the Student Center Building.

Requirements After Acceptance

Upon acceptance, students must purchase an account from a college-designated vendor to obtain a criminal background check and to track their health records. The criminal background check and health records must be submitted to the designated vendor. Specific information regarding the college-designated vendor, health records, and deadline dates will be provided at the mandatory orientation session.

Program Admission Requirements:

Washtenaw Community College uses a competitive admission process for high demand programs in health care. Each year, approximately 20 students are accepted to the program for a Fall semester start. There are multiple requirements that must be completed prior to submitting an application for admission. This is a full-time program; no part-time option is available. For detailed information regarding admission to this health care program, please visit our Health Care website at <https://www.wccnet.edu/learn/departments/alhd/>.

Prerequisite and program requirements along with WCC's point system and scales are reviewed annually and subject to change. Students are expected to meet the prerequisite and program requirements of the catalog term for the semester in which they first begin the program. Details regarding WCC's Admission to High Demand Programs policy including priority levels are on WCC's Board of Trustees policy page: <https://www.wccnet.edu/trustees/policies/2005/>. Details regarding WCC's point scales that are used to calculate points are on WCC's Student Welcome Center, Health and Second Tier Program, information page: <https://www.wccnet.edu/start-now/degree/2nd-tier/>.

Requirements for application are:

1. Admission to WCC.
2. Program prerequisite courses:
 - a. MTH 125 or MTH 125X, MTH 160 or MTH 160X, MTH 168, MTH 169, MTH 176 or a math course numbered 176 or higher with a minimum grade of C/2.0.*
 - b. HSC 101 or HSC 124 with a minimum grade of B-/2.7.
 - c. BIO 111 with a minimum grade of B-/2.7.
3. Technical Standards (in the admissions packet). WCC reserves the right to request, before and during the program, that students successfully demonstrate specific physical and cognitive abilities related to this program.
4. Students must possess a high school diploma or GED prior to clinical courses.
5. Students must be 18 years old prior to September 1st of the second fall semester in the program (prior to beginning clinicals in semester 4)
6. Residency verification.

*Completion of MTH 125X or MTH 160X will not raise the student's Academic Math Level to 3, which is required for at least one course or course prerequisite in this program. Completion of MTH 168 and MTH 169 will not fulfill the MTA Mathematics requirement. Students planning to transfer should take MTA-approved math courses. Financial aid will not cover an additional math course if a student enters the program with MTH 168 or MTH 169 but still needs an MTA math course.

Continuing Eligibility Requirements:

1. Additional background checks may be conducted at any time during the program. Students may be required to have drug testing as well as additional criminal background checks and/or fingerprinting prior to the start of a clinical sequence as requested by specific clinical facilities. Any student found to have a positive drug screen for drugs prohibited by State of Michigan or Federal law (including

Program Information Report

- marijuana) or controlled substances will be dismissed from the program. Failure to receive an acceptable criminal background/fingerprinting at any time, will result in dismissal from the program.
- Students will be required to attend a hospital orientation session prior to starting their clinical rotation.
 - Students will be required to submit health records annually while in the program and must complete any other health requirements as designated by the clinical sites.
 - Students will be required to purchase special uniforms and supplies throughout the duration of the program.
 - Students will be required to demonstrate that they have maintained competency in all skills taught throughout their progression through the program. Failure to demonstrate continued competency will result in dismissal from the program.
 - All Surgical Technology (SUR) courses must be completed with a minimum grade of C+/2.3 and all support courses to the program must be completed with a minimum grade of C/2.0 unless otherwise specified.
 - Students must have reliable transportation to clinical education sites, which may require a commute of up to one hour.
 - Students who are dismissed from the program may not be eligible to reapply to the program.

Major/Area Requirements (9 credits)

BIO 111	Anatomy and Physiology - Normal Structure and Function	5
HSC 101 or HSC 124	Healthcare Terminology Medical Terminology	1
Elective	MTH 125, MTH 125X, MTH 160, MTH 160X, MTH 168, MTH 169, MTH 176 or any Academic Math Level 4 or higher Math Course	3

Semester 1 (Fall) (17 credits)

WASHTENAW COMMUNITY COLLEGE

PROGRAM CHANGE FORM

Program Code: APST	Current Program Name: Surgical Technology	Effective Term: Winter 2025
Division Code: HLT	Department: Allied Health	

Directions:

1. Attach the current program listing from the WCC catalog or website and indicate any changes to be made.
2. Draw lines through any text that should be deleted and write in additions. Extensive narrative changes can be included on a separate sheet.
3. Check the boxes below for each type of change being proposed. Changes to courses, discontinuing a course, or adding new courses as part of the proposed program change, must be approved separately using CurricUNET, but should be submitted at the same time as the program change form.
4. If changes affect the program assessment plan or if program outcomes are updated, please submit a [Program Assessment Plan Change](#) form. These changes must be approved separately from the program change form and should be submitted at the same time. Current program assessment plans can be found on the [Curriculum and Assessment Program Information page](#).

Requested Changes:

- | | |
|---|---|
| <input type="checkbox"/> Remove course(s): _____ | <input type="checkbox"/> Program outcomes (may also result from removing or adding a course)* |
| <input checked="" type="checkbox"/> Add course(s): MTH 125X, MTH 160X, MTH 168, 169 | <input type="checkbox"/> Program assessment plan* |
| <input type="checkbox"/> Program title (new title is _____) | <input type="checkbox"/> Accreditation information |
| <input type="checkbox"/> Description | <input checked="" type="checkbox"/> Other Footnote _____ |
| <input type="checkbox"/> Advisors | |
| <input checked="" type="checkbox"/> Program admission requirements | |
| <input type="checkbox"/> Continuing eligibility requirements | |

Note: A change to the Award Type requires the submission of a new program proposal form and a separate program inactivation form. Contact the Director of Curriculum & Assessment for more information.

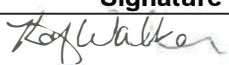

Show all changes on the catalog page you attach.

* Please submit a [Program Assessment Plan Change](#) form.

Rationale for proposed changes:

Adjusting MTH prerequisite language to reflect changes due to discontinuation of Development Education courses.

Program Information Report

Surgical Technology (APST) **Associate in Applied Science Degree** **Program Effective Term: Fall 2019**

A surgical technologist (ST) serves the patient's interest primarily by providing assistance to the surgeon. The surgical technologist's primary task during an operative procedure is to anticipate the perioperative needs of the surgeon and surgical patient. Students in this program must be well grounded in the basic sciences, especially anatomy, microbiology, and pathophysiology. The surgical technologist contributes to global patient care by serving as a team member who monitors the surgical environment.

Applying for Admission to the Program:

A formal application and acceptance to the program is required. Application packets may be downloaded from WCC's Student Connection, Health and Second Tier Program, information page <http://www.wccnet.edu/studentconnection/admissions/health-second-program/>. Completed and signed applications must be submitted during the dates indicated on the application to the Health and Second Tier Admissions Office in the Student Connection, located on the second floor of the Student Center Building.

Requirements After Acceptance

Upon acceptance, students must purchase an account from a college-designated vendor to obtain a criminal background check and to track their health records. The criminal background check and health records must be submitted to the designated vendor. Specific information regarding the college-designated vendor, health records, and deadline dates will be provided at the mandatory orientation session.

Program Admission Requirements:

Washtenaw Community College uses a competitive admission process for high demand programs in health care. Each year, approximately 20 students are accepted to the program for a Fall semester start. There are multiple requirements that must be completed prior to submitting an application for admission. This is a full-time program; no part-time option is available. For detailed information regarding admission to this health care program, please visit our Health Care website at <http://health.wccnet.edu>.

Prerequisite and program requirements along with WCC's point system and scales are reviewed annually and subject to change. Students are expected to meet the prerequisite and program requirements of the catalog term for the semester in which they first begin the program. Details regarding WCC's Admission to High Demand Programs policy including priority levels are on WCC's Board of Trustees policy page: <http://www.wccnet.edu/trustees/policies/2005/>. Details regarding WCC's point scales that are used to calculate points are on WCC's Student Connection, Health and Second Tier Program, information page: <http://www.wccnet.edu/studentconnection/admissions/health-second-program/>.

Requirements for application are:

1. Admission to WCC.
2. Program prerequisite courses:
 - a. MTH 125 or MTH 160 or MTH 176 or any Academic Math Level 4 or higher level course with a minimum grade of C/2.0. Students with an Academic Math Level 3 may apply.
 - b. HSC 101 or HSC 124 with a minimum grade of B-/2.7.
 - c. BIO 111 with a minimum grade of B-/2.7.
3. Minimum cumulative college GPA of 2.7 (total cumulative GPA of all schools that provide a required program prerequisite course will be included in the calculation).
4. Signed Abilities Statement (in the admissions packet). WCC reserves the right to request, before and during the program, that students successfully demonstrate specific physical and cognitive abilities related to this program.
5. Students must possess a high school diploma or GED prior to clinical courses.
6. Students must be 18 years old prior to clinical courses.
7. Residency verification.

Continuing Eligibility Requirements:

1. Additional background checks may be conducted at any time during the program. Students may be required to have drug testing as well as additional criminal background checks and/or fingerprinting prior to the start of a clinical sequence as requested by specific clinical facilities. Any student found to have a positive drug screen for drugs prohibited by State of Michigan or Federal law (including marijuana) or controlled substances will be dismissed from the program. Failure to receive an acceptable criminal background/fingerprinting at any time, will result in dismissal from the program.
2. Students will be required to attend a hospital orientation session prior to starting their clinical rotation.
3. Students will be required to submit health records annually while in the program and must complete any other health requirements as designated by the clinical sites.
4. Students will be required to purchase special uniforms and supplies throughout the duration of the program.
5. Students will be required to demonstrate that they have maintained competency in all skills taught throughout their progression through the program. Failure to demonstrate continued competency will result in dismissal from the program.
6. All Surgical Technology (SUR) courses must be completed with a minimum grade of C+/2.3 and all support courses to the program must be completed with a minimum grade of C/2.0 unless otherwise specified.
7. Students must have reliable transportation to clinical education sites, which may require a commute of up to one hour.

Program Information Report**School of Nursing and Health Sciences**

Find your place in the growing field of health care. The School of Nursing and Health Sciences provides a variety of programs designed to prepare the student for entry-level positions in dental assisting, pharmacy technology, physical therapist assistant, radiography, nursing assistant or professional nursing. The health care foundations certificate provides a starting point for prospective nursing and health science students or provides the general education courses to move from completion of a certificate program into an associate degree program.

Washtenaw Community College offers programs at several levels for students who want to begin new careers, or advance in their existing careers. The first level is the certificate, which can vary from nine to thirty-six credits, depending on the field. Certificates generally prepare students for entry-level jobs.

After completing a certificate, students can progress to the next level, the advanced certificate. The credit hours required for these programs also vary. This type of certificate provides a more specialized level of skill development, and often allows students to upgrade their positions at their places of employment.

The next level, an Associate in Applied Science, is available for some programs. For some career fields, it is possible to earn a certificate, an advanced certificate, and an Associate in Applied Science degree in the same field. In these cases, the credit hours from the certificate and advanced certificate can be applied to the credit hours needed for the Associate in Applied Science degree.

Alternatively, students can earn an AAS in Occupational Studies by completing a certificate, an advanced certificate and General Education requirements.

1. Admission to WCC.
2. Program prerequisite courses:
 - a. MTH 125 or MTH 160 or MTH 176 or any Academic Math Level 4 or higher level course with a minimum grade of C/2.0. Students with an Academic Math Level 3 may apply.
 - b. HSC 101 or HSC 124 with a minimum grade of B-/2.7.
 - c. BIO 111 with a minimum grade of B-/2.7.
3. Minimum cumulative college GPA of 2.7 (total cumulative GPA of all schools that provide a required program prerequisite course will be included in the calculation).
4. Signed Abilities Statement (in the admissions packet). WCC reserves the right to request, before and during the program, that students successfully demonstrate specific physical and cognitive abilities related to this program.
5. Students must possess a high school diploma or GED prior to clinical courses.
6. Students must be 18 years old prior to clinical courses.
7. Residency verification.

Continuing Eligibility Requirements:

1. Additional criminal background checks may be conducted at any time during the program. Students may be required to have drug testing as well as additional criminal background checks and/or fingerprinting prior to the start of a clinical sequence as requested by specific clinical facilities. Failure to receive an acceptable drug test and/or criminal background/fingerprinting check at any time, will result in dismissal from the program.
2. Students will be required to attend a hospital orientation session prior to starting their clinical rotation.
3. Students will be required to submit health records annually while in the program and must complete any other health requirements as designated by the clinical sites.
4. Students will be required to purchase special uniforms and supplies throughout the duration of the program.
5. Students will be required to demonstrate that they have maintained competency in all skills taught throughout their progression through the program. Failure to demonstrate continued competency will result in dismissal from the program.
6. All Surgical Technology (SUR) courses must be completed with a minimum grade of C+/2.3 and all support courses to the program must be completed with a minimum grade of C/2.0 unless otherwise specified.
7. Students must have reliable transportation to clinical education sites, which may require a commute of up to one hour.
8. Students who are dismissed from the program may not be eligible to reapply to the program.

ACADEMICS

Surgical Technology (APST)

Associate in Applied Science Degree

2015 - 2016

Description

A surgical technologist (ST) serves the patient's interest primarily by providing assistance to the surgeon. The surgical technologist's role during an operative procedure is to anticipate the perioperative needs of the surgeon and surgical patient. Students are grounded in the basic sciences, especially anatomy, microbiology, and pathophysiology. The surgical technologist can also serve as a team member who monitors the surgical environment.

Admissions Requirements

Washtenaw Community College uses a competitive admission process for high demand programs in health care. Each student accepted to the program for a Fall semester start. There are multiple requirements that must be completed for application for admission. This is a full-time program; no part-time option is available. For detailed information regarding the program, please visit our Health Care website at health.wccnet.edu.

Prerequisite and program requirements along with WCC's point system and scales are reviewed annually and students are expected to meet the prerequisite and program requirements of the catalog term for the semester in which they first begin the program regarding WCC's Admission to High Demand Programs policy including priority levels are on WCC's Board of Trustees website www.wccnet.edu/trustees/policies/2005/. Details regarding WCC's point scales that are used to calculate points are on the Health and Second Tier Program, information page: www.wccnet.edu/studentconnection/admissions/health-second-tier-program/.

Requirements for application are:

1. Admission to WCC.
2. Program prerequisite courses:
 - a. MTH 125 or MTH 160 or MTH 176 or any Academic Math Level 4 or higher level course with a minimum grade of C. Academic Math Level 3 may apply.
 - b. HSC 101 or HSC 124 with a minimum grade of B-/2.7.
 - c. BIO 111 with a minimum grade of B-/2.7.
3. Minimum cumulative college GPA of 2.7 (total cumulative GPA of all schools that provide a required program prerequisite in the calculation).
4. Signed Abilities Statement (in the admissions packet). WCC reserves the right to request, before and during the program, that students successfully demonstrate specific physical and cognitive abilities related to this program.
5. Residency verification.

6. Students must possess a H.S. Diploma or G.E.D. prior to Clinical Courses.
7. Students must be 18 years old prior to clinical courses.

Applying for Admission to the Program

A formal application and acceptance to the program is required. Application packets may be downloaded from WCC's Health and Second Tier Program, information page www.wccnet.edu/studentconnection/admissions/health-second-tier-program/. Applications must be submitted during the dates indicated on the application to the Health and Second Tier Admission Connection, located on the second floor of the Student Center Building.

Requirements After Acceptance

Upon notification of acceptance to the program, students must purchase an account from a college-designated vendor for a criminal background check and to track their health records. The criminal background check and health records must be submitted before attending the mandatory program orientation session. Specific information on the college-designated vendor will be included in the acceptance letter.

Continuing Eligibility

1. Additional criminal background checks may be conducted at any time during the program. Students may be required as additional criminal background checks and/or fingerprinting prior to the start of a clinical sequence as requested by Failure to receive an acceptable drug test and/or criminal background/fingerprinting check at any time, will result in dis
2. Students will be required to attend a hospital orientation session prior to starting their clinical rotation.
3. Students will be required to submit health records annually while in the program and must complete any other health by the clinical sites.
4. Students will be required to purchase special uniforms and supplies throughout the duration of the program.
5. Students will be required to demonstrate that they have maintained competency in all skills taught throughout their program. Failure to demonstrate continued competency will result in dismissal from the program.
6. All Surgical Technology (SUR) courses must be completed with a minimum grade of C+/2.3 and all support courses completed with a minimum grade of C/2.0 unless otherwise specified.
7. Students must have reliable transportation to clinical education sites, which may require a commute of up to one hour
8. Students who are dismissed from the program may not be eligible to reapply to the program.

Program Information Report**Surgical Technology (APST)****Associate in Applied Science Degree****Program Effective Term: Fall 2014**

A surgical technologist (ST) serves the patient's interest primarily by providing assistance to the surgeon. The surgical technologist's primary task during an operative procedure is to anticipate the perioperative needs of the surgeon and surgical patient. Students in this program must be well grounded in the basic sciences, especially anatomy, microbiology, and pathophysiology. The surgical technologist contributes to global patient care by serving as a team member who monitors the surgical environment along with the other team members.

Program Admission Requirements:

Student applications are reviewed on a regular basis. Upon acceptance of the application, the student will be placed on the Surgical Technology program waitlist. Students are encouraged to complete required general education courses and other non-SUR courses while on the waitlist until they are notified of their program start date. Minimally, students are required to complete all prerequisite courses before proceeding into the formal Surgical Technology program, which begins with their second course semester.

Program Initiation:

Each year approximately 20 students move from the waitlist into the formal program initiation. Students are taken from the waitlist in numerical order in which they were admitted, with priority given to Washtenaw County residents. Please review the "Admission and Waitlist Process for High Demand Programs" document that is posted on the following website: <http://www4.wccnet.edu/student-services/studentconnection/admissions/>. This document explains WCC's waitlist process and priority level.

Applying for Admission to the Program

A formal application to the program is required. Application packets may be downloaded from the WCC Web site: <http://www4.wccnet.edu/departments/health/>

Completed and signed applications must be delivered to the Health Admissions Technician at the Student Connection, located on the second floor of the Student Center Building. An application to the Surgical Technology program will not be accepted until all admission requirements are completed.

Requirements for application are:

- Academic Math Level of 3 or MTH 160, MTH 167, MTH 169 or any math level 4 or higher course with a minimum grade of "C"
- HSC 101 with a minimum grade of "B-" (2.7 on a 4.0 scale)
- BIO 111 with a minimum grade of "B-" (2.7 on a 4.0 scale)
- PHY 105 with a minimum grade of "B-" (2.7 on a 4.0 scale)
- Minimum cumulative college GPA of 2.7. Only transcripts that provide an admission requirement course will be used in calculation of the cumulative GPA. If a transcript is submitted for an admission requirement course, the cumulative transcript GPA will be used in a weighted calculation of the cumulative GPA requirement.
- Criminal background check (review application for details)
- Demonstrate proficiency in the English language
- Declaration of residency status (note that Washtenaw County residents are given priority in program initiation).

Admission to the Surgical Technology program is contingent upon students declaring that they have specific physical and cognitive abilities. These requirements are detailed in the Surgical Technology program admission packet. WCC reserves the right to request that students successfully demonstrate the specific cognitive and physical abilities related to the Surgical Technology program.

Continuing Eligibility Requirements:

- Program courses are sequential and complemented with appropriate support courses. All courses must be completed with a grade of "C" or better.
- Minimum "C+" or better for all SUR courses
- Students may be required to have additional criminal background checks and/or fingerprinting prior to the start of a clinical sequence as requested by specific clinical facilities. Failure to receive an acceptable criminal background/fingerprinting check at any time, will result in dismissal from the program.
- Completed health history form (physical examination)
- Negative TB skin test
- Current health insurance
- Current BLS/CPR certification

Program Information Report

First Semester		(13 credits)
BIO 237	Microbiology	4
	MTH 160, MTH 167, MTH 169 or any math level 4 or higher course	3-4
	Speech Elective(s)	3
	Writing Elective(s)	3-4
Second Semester		(12 credits)
SUR 110	Introduction to Surgical Technology/Surgical Patient	5
SUR 170	Surgical Pharmacology	2
SUR 180	Surgical Procedures I	3
SUR 181	Surgical Procedures I Lab	2
Third Semester		(15 credits)
SUR 210	Surgical Procedures II	3
SUR 211	Surgical Procedures II Lab	2
SUR 231	Clinical Education I	1
SUR 270	Biomedical Science and Minimally Invasive Surgery	2
	Computer Lit. Elective(s)	3
	Soc. Sci. Elective(s)	3
	Elective credit to reach a minimum of 60 credit hours.	1
Fourth Semester		(10 credits)
PHL 244	Ethical and Legal Issues in Health Care	3
SUR 241	Clinical Education II	4
SUR 250	Surgical Technology Seminar	3
Major/Area Requirements		(10 credits)
BIO 111	Anatomy and Physiology - Normal Structure and Function	5

Minimum Credits Required for the Program:		60

Notes:

**See Program Admission Requirements section.*

PROGRAM CHANGE OR DISCONTINUATION FORM

Program Code: ~~SUR~~ ^{APSRGT} Program Name: Surgical Technology

Effective Term: Winter 2014

Division Code: MSH Department: Math, Science & Health

Directions:

1. Attach the current program listing from the WCC catalog or Web site and indicate any changes to be made.
2. Draw lines through any text that should be deleted and write in additions. Extensive narrative changes can be included on a separate sheet.
3. Check the boxes below for each type of change being proposed. Changes to courses, discontinuing a course, or adding new courses as part of the proposed program change, must be approved separately using a Master Syllabus form, but should be submitted at the same time as the program change form.

Requested Changes:

- | | |
|---|---|
| <input type="checkbox"/> Review | <input type="checkbox"/> Program admission requirements |
| <input checked="" type="checkbox"/> Remove course(s): SUR 130 & 230 | <input type="checkbox"/> Continuing eligibility requirements |
| <input checked="" type="checkbox"/> Add course(s): SUR 241 ^{PHY 105} | <input checked="" type="checkbox"/> Program outcomes |
| <input checked="" type="checkbox"/> Program title (title was <u>Certified Surgical Technology</u>) | <input type="checkbox"/> Accreditation information |
| <input checked="" type="checkbox"/> Description | <input type="checkbox"/> Discontinuation (attach program discontinuation plan that includes transition of students and timetable for phasing out courses) |
| <input type="checkbox"/> Type of award | <input checked="" type="checkbox"/> Other <u>Credit Hour</u> |
| <input type="checkbox"/> Advisors | |
| <input type="checkbox"/> Articulation information | |

Show all changes on the attached page from the catalog.

Rationale for proposed changes or discontinuation:

SUR 130 Surgical Asepsis/Surgical Instruments- ~~remove~~
 SUR 230 Surgical procedures II ~~remove~~
 SUR 110 Introduction to Surgical Technology/Surgical Patient- title change, credit hour & description
 SUR 180 Surgical Procedures I - description change
 SUR 181 Surgical Procedures I ~~Clinical~~ Lab-title change & description
 SUR 211 Surgical Procedures II ~~Clinical~~ Lab--title change & description
 SUR 231 ~~Surgical Procedures III Clinical~~ Clinical Education I - title change, credit hour & description
 SUR 241 Clinical Education II- new course
 SUR 250 Surgical Technology Seminar- description
 SUR 270 ~~Surgical Safety, Hazards and Biomedical Science~~ Biomedical Science & Minimally Invasive Surgery- title change & description
PHY 105 Conceptual Physics - add to major/area requirements

Financial/staffing/equipment/space implications:

List departments that have been consulted regarding their use of this program.

Program Information Report**Certified Surgical Technology (APSRGT)****Associate in Applied Science Degree****Program Effective Term: Fall 2013**

A certified surgical technologist (ST) serves the patient's interest primarily by providing assistance to the surgeon. The surgical technologist's primary task during an operative procedure is to anticipate the intraoperative needs of the surgeon and surgical patient. Students in this program must be well grounded in the basic sciences, especially anatomy, microbiology, and pathophysiology. The surgical technologist contributes to global patient care by serving as a team member who monitors the surgical environment along with the other team members.

In order for students to become a certified surgical technologist they must successfully complete a CAAHEP accredited program by Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA). WCC has modeled our program on accreditation standards and values CAAHEP accreditation.

Program Admission Requirements:

Student applications are reviewed on a regular basis. Upon acceptance of the application, the student will be placed on the Certified Surgical Technology program waitlist. Students are encouraged to complete required general education courses and other non-SUR courses while on the waitlist until they are notified of their program start date. Minimally, students are required to complete semester one courses before proceeding into the formal Certified Surgical Technology program, which begins with their second course semester.

Program Initiation:

Each year approximately 24 students move from the waitlist into the formal program initiation. Students are taken from the waitlist in numerical order in which they were admitted, with priority given to Washtenaw County residents. Please review the "Admission and Waitlist Process for High Demand Programs" document that is posted on the following website: <http://www4.wccnet.edu/studentservices/studentconnection/admissions/>. This document explains WCC's waitlist process and priority level.

Applying for Admission to the Program

A formal application to the program is required. Application packets may be downloaded from the WCC Web site: www4.wccnet.edu/departments/health. Completed and signed applications must be delivered to the Health Admissions Technician at the Student Connection, located on the second floor of the Student Center Building. An application to the Certified Surgical Technology program will not be accepted until all admission requirements are completed.

Requirements for application are:

- Academic Math Level of 3 or MTH 167
- HSC 101 with a minimum grade of "B-" (2.7 on a 4.0 scale)
- BIO 111 with a minimum grade of "B-" (2.7 on a 4.0 scale)
- Minimum cumulative college GPA of 2.7. Only transcripts that provide an admission requirement course will be used in calculation of the cumulative GPA. If a transcript is submitted for an admission requirement course, the cumulative transcript GPA will be used in a weighted calculation of the cumulative GPA requirement.
- Criminal background check (review application for details)
- Demonstrate proficiency in the English language
- Declaration of residency status (note that Washtenaw County residents are given priority in program initiation).

Admission to the Certified Surgical Technology program is contingent upon students declaring that they have specific physical and cognitive abilities. These requirements are detailed in the Certified Surgical Technology program admission packet. WCC reserves the right to request that students successfully demonstrate the specific cognitive and physical abilities related to the Certified Surgical Technology program.

Continuing Eligibility Requirements:

- Program courses are sequential and complemented with appropriate support courses. All courses must be completed with a grade of "C" or better for academic support courses.
- Minimum "C+" or better for all SUR courses
- Students may be required to have additional criminal background checks and/or fingerprinting prior to the start of a clinical sequence as requested by specific clinical facilities. Failure to receive an acceptable criminal background/fingerprinting check at any time, will result in dismissal from the program.
- Completed health history form (physical examination)
- Negative TB skin test
- Current Health Insurance
- Current BLS/CPR certification

Certified Surgical Technology Program

Description

A certified surgical technologist (ST) serves the patient's interest primarily by providing assistance to the surgeon. The surgical technologist's primary task during an operative procedure is to anticipate the intraoperative needs of the surgeon and surgical patient. Students in this program must be well grounded in the basic sciences, especially anatomy, microbiology, and pathophysiology. The surgical technologist contributes to global patient care by serving as a team member who monitors the surgical environment along with the other team members.

Admissions Requirements

Student applications are reviewed on a regular basis. Upon acceptance of the application, the student will be placed on the Certified Surgical Technology program waitlist. Students are encouraged to complete required general education courses and other non-SUR courses while on the waitlist until they are notified of their program start date. Minimally, students are required to complete semester one courses before proceeding into the formal Certified Surgical Technology program, which begins with their second course semester.

Program Initiation:

Each year approximately 24 students move from the waitlist into the formal program initiation. Students are taken from the waitlist in numerical order in which they were admitted, with priority given to Washtenaw County residents. Please review the "Admission and Waitlist Process for High Demand Programs" document that is posted on the following website: <http://www4.wccnet.edu/student-services/studentconnection/admissions/>. This document explains WCC's waitlist process and priority level.

Applying for Admission to the Program

A formal application to the program is required. Application packets may be downloaded from the WCC Web site: www4.wccnet.edu/departments/health. Completed and signed applications must be delivered to the Health Admissions Technician at the Student Connection, located on the second floor of the Student Center Building. An application to the Certified Surgical Technology program will not be accepted until all admission requirements are completed.

Requirements for application are:

- Academic Math Level of 3 or MTH 167
- HSC 101 with a minimum grade of "B-" (2.7 on a 4.0 scale)
- BIO 111 with a minimum grade of "B-" (2.7 on a 4.0 scale)
- Minimum cumulative college GPA of 2.7. Only transcripts that provide an admission requirement course will be used in calculation of the cumulative GPA. If a transcript is submitted for an admission requirement course, the cumulative transcript GPA will be used in a weighted calculation of the cumulative GPA requirement.
- Criminal background check (review application for details)
- Demonstrate proficiency in the English language
- Declaration of residency status (note that Washtenaw County residents are given priority in program initiation).

Admission to the Certified Surgical Technology program is contingent upon students declaring that they have specific physical and cognitive abilities. These requirements are detailed in the Certified Surgical Technology program admission packet. WCC reserves the right to request that students successfully demonstrate the specific cognitive and physical abilities related to the Certified Surgical Technology program.

Continuing Eligibility

Program courses are sequential and complemented with appropriate support courses. All courses must be completed with a grade of "C" or better for academic support courses.

- Minimum "C+" or better for all SUR courses
- Students may be required to have additional criminal background checks and/or fingerprinting prior to the start of a clinical sequence as requested by specific clinical facilities. Failure to receive an acceptable criminal background/fingerprinting check at any time, will result in dismissal from the program.
- Completed health history form (physical examination)
- Negative TB skin test
- Current Health Insurance
- Current BLS/CPR certification

Accreditation:

In order for students to become a certified surgical technologist they must successfully complete a CAAHEP accredited program by Accreditation Review Council on Education in Surgical Technology and Surgical Assisting (ARC/STSA). WCC has modeled our program on accreditation standards and values CAAHEP accreditation.

Requirements

First Semester

<i>Course</i>	<i>Title</i>	<i>Credits</i>
MTH 167	Math Applications for Health Science	3
Writing	General Education Writing Elective	3 / 4
Speech	General Education Speech Elective	3
Elective	Elective credit to reach 60 hours	3
BIO 147	Hospital Microbiology	1
		<i>13/14</i>

Second Semester

SUR 110	Introduction to Surgical Technology/Surgical Patient	3
SUR 130	Surgical Asepsis/Surgical Instruments	3
SUR 170	Surgical Pharmacology	2
Elective	Elective credit to reach 60 hours	3
Computer Lit	General Education Requirement	3
		<i>14</i>

Third Semester

SUR 180	Surgical Procedures 1	3
SUR 181	Surgical Procedures 1 Clinical	2
SUR 210	Surgical Procedures 2	3
SUR 211	Surgical Procedures 2 Clinical	2
Elective	Elective credit to reach 60 hours	3
Social Science	General Education Requirement	3
		<i>16</i>

Fourth Semester

SUR 230	Surgical Procedures 3	3
SUR 231	Surgical Procedures 3 Clinical	2
SUR 250	Surgical Technology Seminar	3
SUR 270	Safety, Hazards, and Biomedical Science	2
PHL 244	Ethical and Legal Issues in Healthcare	3
		<i>13</i>
