In-Service

Monday, November 24, 2014

Time	Event
8:00am – 9:00am	**All Staff Continental Breakfast**– LA 1st floor atrium
9:00am – 11:00am	**General Meeting**– LA 275 President Bellanca Address **Announcements** *WCC Foundation* *Institutional Support for Innovation* *Cheating on Exams* *Stem Camp Dance And Chemistry*
11:00am – 12:00pm	**Introduction to Electronic Accessibility** – SC 318 Learning Support Services invites you to this session where we will demonstrate some basic accessibility review and requirements per the ADA. If time permits, we will review some of the current assistive technology students are using.
11:00am – 12:00pm	**The Brave New World of Free Teaching Resources** – LA 378 Frustrated at the cost of textbooks? Heard of OER's (Open Educational Resources) but aren't sure what they are? Don't have time to look for classroom resources yourself? We've done the work for you! Come join us for an overview of FREE teaching resources and take a look at the subject-specific resources we've put together for you in over 30 high-enrollment disciplines.
12:00pm – 2:00pm	**Time for Departments to meet**
1:00pm –3:00pm	**Entrepreneurship Center Drop-in –** Facilities Building Come drop by the Entrepreneurship Center in the Facilities Building and get some FREE COFFEE! Learn about the center's growing calendar of events and meet the new center manager as well as SBDC Counselors and other volunteers. There are many resources offered by the center, learn how we can partner with faculty and how the center supports students.
2:00 – 2:30pm	**Blackboard Update: New Course Master Process** – LA 238 All faculty who own or maintain a DL or MM Master Course site in Blackboard are strongly encouraged to attend this session. By the end of November, there will be significant changes in the way that instructors access their Master Course sites in Blackboard. Jared Slayton will explain how and where faculty will manage their Master Course sites in the new Blackboard Content Management system.
2:00pm – 3:00pm	**Making the Connection - the Power of Credit/Non-Credit Collaboration** – ML 130 This session will provide an overview of successful collaboration between credit/non-credit. In addition, the facilitators will provide insight into effective planning, implementation and evaluation of exciting new initiatives.
3:00pm - 4:00pm	**Intelligent Transportation Systems - What Is It?** –BE 272 Add description: The development and implementation of "Intelligent Transportation Systems" are major priorities for the US Department of Transportation and ITS is at the heart of the automobile industry's current research and product agendas. Join the CIS Department as we explore potential curriculum opportunities for ITS at WCC.
3:00pm – 5:00pm	**Time for Divisions to meet**
