

NOT A SUBSTITUTE FOR MEDICAL ADVICE. Your use of this Health Screening Survey does not create any physician-patient relationship or constitute medical advice. Any information accessed through this Health Screening Survey is for informational purposes only, and not a substitute for the advice of a medical professional, and does not contain or constitute, and should not be interpreted as, medical advice or opinion. Proper diagnosis and treatment of health conditions depends on a number of factors, such as your medical history, diet, lifestyle and the medication that you currently take. Your doctor or other licensed health care provider is in the best position to take these and other factors into account in assessing and addressing your individual health care needs, and use of this Health Screening Survey cannot replace medical consultation with a qualified health or medical professional. This Health Screening Survey should not be relied upon when making a medical decision, or to diagnose or treat a medical or health condition. You assume full responsibility for any decision or action taken in reliance on this Health Screening Survey and the results of the same.
